Example:

Mr. Smith heard about Realife cooperative from a friend. After learning more, Mr. Smith decided to move into the cooperative. He found that a F unit suited his needs best. He purchased the F share at \$61,170. Ten years later, Mr. Smith decided that he has had enough of the Minnesota cold weather and that he was going to move to Arizona. Mr. Smith gave his written notice to the on-site manager and calculated his selling price.
