## Selling Your Realife Share Limited Equity

Unit Type	Annual Re-Sale Increase	Unit Type	Annual Re-Sale Increase
B1	\$677	II	\$1,173
B	\$823	F	\$1,198
E	\$1,032	H1	\$1,305
I	\$1,140	H	\$1,344
GG	\$1,162	HH	\$1,403

$$\begin{aligned}
 & \text{Purchased Share Price} \\
 & \quad + \\
 & \text{(Annual Re-Sale Increase X \# of years owning the share)} \\
 & \quad = \text{Your Selling Price}
 \end{aligned}$$

Example:

Mr. Smith heard about Realife cooperative from a friend. After learning more, Mr. Smith decided to move into the cooperative. He found that a F unit suited his needs best. He purchased the F share at \$65,962. Ten years later, Mr. Smith decided that he has had enough of the Minnesota cold weather and that he was going to move to Arizona. Mr. Smith gave his written notice to the on-site manager and calculated his selling price.

$$\begin{aligned}
 & \$65,962 \text{ (Purchased Share Price-F Unit)} \\
 & \quad + \\
 & \text{\underline{\$11,980}} \text{ (Total Amount of Equity Earned Over} \\
 & \quad \text{10 Years)} (\$1,198 \times 10 \text{ years)} \\
 & = \$77,942 \text{ Selling Price}
 \end{aligned}$$
